2019 Budget: \$60,000

Department Functions:

The Department of Health and Wellness is charged with coordinating the Live Well Kingston Commission (LWK), being a community health liaison, and supporting projects that increase health in the City of Kingston. The department was created in 2018 with funding from a private foundation.

Coordinating the Live Well Kingston Commission includes the support of its five subcommittees: Eat Well, Play Well, Travel Well, Age Well, and Heal Well. These “Focus Teams” built coalitions with over 40 community organizations and 312 participants during 40 meetings in 2019. Along with coordination, the department is tasked with communicating about health, community organizations, and LWK initiatives. This is done through social media, the LWK website, meeting notes, radio interviews and networking.

The department has managed grant projects, expanded community connections, added capacity to ongoing City projects, implemented many Focus Team projects, and continued Live Well Kingston communications and outreach.

Special farm to institution presentation at the Eat Well Focus Team.

Pop-up Natural Play Space at the Earth Day Festival

Seniors at the YMCA – this group has been exercising together since the '80s.

The office duties include, but are not limited to:

- Coordinating the Live Well Kingston Commission and its five Focus Teams
- Being a health liaison to community
- Supporting City and community projects that increase health in Kingston
- Managing a department (timekeeping, purchasing, budgeting, reports, etc.)

2019 Accomplishments:

- **Managed Projects:**
 - Applied for and won two more years of funding, \$120,000, from a private foundation
 - Applied for and won \$11,000 for a chess “playground” from the AARP
 - Managed the chess “playground” project from conception to installation
 - Went into contract with the State DEC and created a draft RFP for a pedestrian and bicycle master plan
- **Expanded Connections with the Community:**
 - Supported the Weaving the Waterfront event
 - Went to many coalition meetings including: Integrated Ulster, Trauma Informed Care, Bringing Agencies Together, the School Wellness Committee, Settled and Serving in Place (senior group), and the Maternal Infant Collaborative Advisory Meetings
 - Wrote a project description and supported the Ulster County Health Department’s Community Health Improvement Plan
 - Joined the Substance Abuse Prevention Board
 - Led a community walk on the Linear Park with O+ talking about the Greenline
 - Participated in O+ Future of Health Care in Kingston conversations
 - Presented to Settled and Serving in Place (SSIP Seniors) about the Whoosh parking app, Uber/Lyft and the City/County bus merger
- **Supported City Projects:**
 - Created the Kingston Point Rail Trail Phase 1 trail map and sign
 - Hosted weekly employee walks
 - Participated in the Project Advisory Committee for Dietz Stadium and the Pedestrian Safety Improvements at Intersections project
 - Created graphics for the State of the City, the annual budget presentation, grant project status icons, and NYE Kids event
 - Removed graffiti from the Greenline trail bridge
 - Supported the grants department by updating grant project webpages
