

WHAT TO BRING TO TRAINING

TONIGHT:

1. Copies of your current **First Aid and CPR** certifications if you have them. We can make copies of the certification cards if needed.
2. **Immunization records.** The Ulster County Health Department just mandated that every staff member have MMR (Measles, Mumps, and Rubella) records on file. You can get these by calling your health care provider or school nurse. Speak with your parents to see if they have copies of the paperwork.
3. Fun, Energetic, Positive Attitude!!
